WILL REGISTRARS BE PROSECUTED?

SENTIMENT THAT THEY WILL NOT

HIGH POINT BOYS CONVICTED OF COUNTERFEITING.

Two Sentenced to Eighteen, and One to Thirteen Months in Prison—Another Alleged Counterfeiter Acquitted.

Wm. Roach, E. F. Gurley and Jas. Spencer, the three young men tried yesterday for counterfeiting at High Point, were found guilty on the second count, passing and attempting to pass counterfeit coin. Roach and Gurley were sentenced to 18 months in prison, Spencer, who was younger, was given 13 months. They will go, as will all those sentenced by court, to whatever prison is designated by the Attorney General. Gurley has a wife and child. The others are unmarried.

Robert Ford, a negro boy from Forsyth was convicted of stealing letters from the mail and sentenced to 18 months imprisonment.

The case against Martin Staples, the revenue agent charged with the killing of a man in Surry county last December, was continued till next court. The defendant gave bond in the sum of \$2,000.

The cases against the Democratic registrars will not even come up on the docket before next Monday. There are indications that these cases will not be pushed. There is no doubt that Republican feeling in regard to them has been abating in severity since the late impeachment trial at Raleigh, and there is a growing sentiment that the cases will not be tried. There have been a whole string of lawyers here more or less connected with the original case. Those who appeared at first were: Watson & Buxton, Glenn & Manly, Z. V. Taylor, Jones & Patterson, T. M. Argo, and King & Kimball. The prosecution was represented by District Attorney Holton and Judge John Gray Bynum. The last legislature authorized the Governor to employ counsel to defend the registrars in the district and higher courts if necessary. The attorneys employed, if any have been, by the Governor, have not been announced. Hon. F. I. Osborne, of Charlotte, is here in connection with the case.

The man Pierce from Salisbury arrested in this city some time ago charged with passing counterfeit money, was acquitted this morning.

The City Water Alright.
The following letter explains itself: "To the Board of Aldermen of the City of Greensboro:

"Gentlemen—In compliance with your request, I, on March 26th, 1901, took a sample of the city water from the faucet at my office, and sent same to Dr. Albert Anderson, of Wilson, N. C., for a thorough bacteriological examination. I have received a report of this examination, which proves beyond question that the city water is not contaminated, there being no disease germs, nor germs producing disease, found in the water.

Dr. Anderson states that the water is good.

Respectfully,
EDMUND HARRISON, M. D.

Bridal Couple Here.

Miss Annie Blount, of Clover, Va., and Mr. Chas. Cobey, of Georgia, were married last night at the home of the bride's parents in Clover. The couple passed through Greensboro last night on their way to their future home in Georgia. They were met at the depot by several friends.

Miss Blount is well known in this city, having visited here several times, and numbers many Greensboro people among her friends.

To Visit the Old Country.

Mr. A. L. Reinhard, who for several years has been connected with the Schiffman Jewelry Company, will leave about the middle of May on an extended visit to Germany and Switzerland. His people live in Germany and he will spend some time with them. Mr. Reinhard recently inherited considerable property by the death of an uncle who was one of the editors of the Vienna Press and he will go to Vienna to look after his interests there. He will return to America but has not decided whether he will return to Greensboro or not.

Death of Mrs. Hollowell.

Mrs. Zilphia Hollowell, mother of R. L. Hollowell, died at the home of her daughter, Mrs. Grantham on Asheboro street, at 3:50 this morning. Mrs. Hollowell was seventy-seven years old, and died from feebleness and a severe cold of about a week's duration. She had been living with her daughter only this winter, having come here from her old home near Goldsboro.

She was a member of the Friends' church. The remains will be taken to the old home near Goldsboro tomorrow morning for interment.

New Plan for Selling Shoes.

The Ward Shoe Company have inaugurated something new in the way of selling shoes. With every cash purchase they are giving a ticket on which is written the amount of the purchase and the date of the sale. A certain day will afterwards be selected and the tickets given on that day will be redeemed at their face value. The plan is a new one to this city but it is said to have been successfully worked elsewhere. Somebody will get their shoes for nothing.

Changes at the Federal Building.

As soon as court is over there will be a general changing in the office arrangement of the Federal building. Marshal Millikan's present private office will be opened into Judge Boyd's and used by the latter, while another room will be cut from the inner office occupied by Clerk Trogdon, and will be used by Mr. Millikan. The whole will be re-carpeted, and a telephone booth put in for the use of the whole floor.

Loaded to the Gunwale.

The Telegram's readers will observe that it is loaded to the gunwale with seasonable advertisements. The live business men of this town believe in telling the people what they are doing and what they want to do in their business. Advertisements are good reading matter, but as soon as the spring rush is over we will give our subscribers some more of the other kind.

Marriage at Thomasville.

Correspondence of The Telegram.
High Point, April 4.—Mr. Benjamin A. Best, of this place and Miss Virginia Lambeth, of Thomasville, were united in marriage in the Methodist church at that place last night. Rev. Falls was the officiating minister. The church was prettily decorated for the occasion. The groom is a promising young business man of this place. The bride is one of Thomasville's popular and accomplished young ladies.

The happy couple were the recipients of many nice presents. A large number of friends from this place attended the wedding.

Mr. and Mrs. Best will occupy the handsome residence recently built and furnished by the groom. Their many friends wish them much joy and happiness.

High Point and her model institution, the graded school, are to be congratulated on securing such good speakers for the commencement. Rev. S. B. Turrentine is to preach the sermon and Mr. D. A. Tompkins, of Charlotte, will deliver the address. Two men whom are equal to the occasion.

Meeting of Library Committee.

There was an enthusiastic meeting of the public library committee yesterday at 5 p. m. in the reading rooms of the Southern Loan and Trust building. There were present Messmates J. W. Lindau, G. W. Whitsett, C. L. Van Noppen, E. E. Bain, Miss Mary Petty, Messrs. P. P. Claxton, G. S. Sergeant, Chalmers McLean, Thos. Glascock, E. P. Wharton, J. M. Hendrix, and G. A. Grimsley. Several were absent on account of sickness and absence from the city. Prof. P. P. Claxton presided as chairman and Mr. Thos. Glascock acted as secretary.

The committee decided to make a canvass at once to raise \$2,500 to begin with and as much more as possible. The following form was adopted for soliciting subscriptions:

THE GREENSBORO PUBLIC LIBRARY.

I hereby subscribe the sum of dollars for the Greensboro Public Library, payable to the Treasurer as follows: Cash: per month.

The said library is to be in the City Hall under the control of a Board of Trustees as provided for in the Scales Library Act.

Greensboro, N. C. 1901.

Four committees were appointed, viz: press and information committee, Prof. Walter Thompson, Miss Annie Petty and Mrs. Mamie Crawford; public meeting committee, Prof. Clarence Brown, Mrs. Bain and Mrs. Van Noppen; organization and government committee, Messrs. Sergeant, Hendrix and Grimsley; canvassing committee, superintendent Grimsley with power to appoint assistants.

It was decided to push the work and open the library, if possible, as soon as the city hall is completed.

Every citizen of Greensboro is asked to give the library his hearty encouragement and support so that the library may be a credit to the city.

What the Aldermen Should Do.

Let me thank you for calling my attention to the four elegant bronze tablets now to be seen in the window at the Odell Hardware store. They are indeed, as you say, very handsome pieces of art both in their material form and finish. They are very beautiful. But Mr. Editor, their excellency and real worth lies chiefly in the inscriptions they bear and will continue to bear for all time to come.

These inscriptions set forth truthfully, as I believe, and certainly in an admirably condensed form the history of North Carolina in perhaps the most interesting and heroic period of the State's existence. All honor to Major Morehead for his efficient and indefatigable efforts in the cause; all honor to our good people within and without the city's limits, whose liberality has already secured payment for these tablets and for a graceful and picturesque granite column to which they are to be attached.

Now, Mr. Editor, like those of most others of our citizens, my name does not appear upon this subscription list for this monument. The right thing to do is for our aldermen to secure to the city an interest in and vote in the control of this Battle Ground Park, will soon be, or rather in fact already is, a necessity for the city. I hope they will at once furnish the small amount yet necessary for the completion of this handsome ornament to the suburbs of Greensboro.

All know that the Battle Ground Company is a medium of very extensive advertisement of the city, county and State and that too, in a most pleasing and consequently effective form.

Yours truly,
J. R. WHARTON.

Will Serve Lunches.

The Ladies' Aid Society will serve lunches this evening, all day tomorrow and tomorrow evening at John B. Wright's music store. Salads, sandwiches, ice cream, cake, etc. An orchestra will be in attendance.

Bank Robbery.

By Wire to The Telegram.
Chardon, Ohio, April 4.—Half dozen robbers this morning blew open the safe of the Citizens Savings Bank. After a desperate fight with night watchman Pomeroy and Dr. Hudson, they succeeded in making their escape with two hundred dollars. One of the robbers was shot by the night watchman before the latter was gagged.

One Woman Shoots Another.

By Wire to The Telegram.
Siegerieds, Pa., April 4.—Mrs. Emily Keck accuses Mrs. Alice Hitchings, a former friend, of shooting her on a lonely road. Mrs. Keck, with bullet holes in her breast and neck, was taken to Allentown hospital. Mrs. Keck failed to repay Mrs. Hitchings a loan. The victim was not living with her husband.

Johnson for President.

By Wire to The Telegram.
New York, April 4.—The Sun says Mayor Johnson of Cleveland, is now his own candidate for the democratic presidential nomination. His friends point out that Johnson is the only candidate acceptable to both factions.

Vancouver, B. C., April 4.—The North China News, announces the massacre of fourteen unaccounted for missionaries with many women and children.

An Idea About Aguinaldo.

One gentleman in this city has an original idea about the capture of Aguinaldo which nobody else has advanced. He thinks that his surrender was after the manner of the one which he made to the Spaniards—for gold. His idea is that Funston's exploit was all a grand stand play, prearranged and paid for and that Aguinaldo will shortly proceed to Europe and live in luxury.

Col. Osborn for Mayor.

To the Editor of The Telegram:
Greensboro can furnish many able and worthy men for mayor. There is no dearth in the supply of good men for that office. This office is more important than all others to the citizens of Greensboro. A progressive, live, active and competent man in the mayor's office means progress, health, order and good government, while the lack of these qualities means unfairness, partiality, fawning and favoritism. There are many problems before our people demanding a wise head and wise counsel.

Our present mayor is a good one, and it is to be hoped that our progressive city will always have a competent and honest man at its head, who dares to be brave.

Where can such a man be found? Without questioning the honesty and ability of any one who has been named, we feel safe in saying that Col. W. H. Osborn possesses every qualification necessary to fill such an office. Honest, courageous, fairminded, independent, big-hearted, big-brained, with a high order of business talent and tact, the pet of no man, and the friend and equal of every man, he would make an ideal mayor of any city in the land.

Let us nominate Col. Osborn and no man can beat him. It will be a privilege and pleasure to vote for such a man.

CITIZEN.

Judge Henry R. Bryan and wife, of Newbern, are in the city.

Mr. Howard Gardner has a new delivery wagon on the street today. It is pretty and is painted black.

DEAD BODIES ARE YET SUBMERGED

THREE MEN KILLED NEAR GULF

WERE ON AN ENGINE ON THE DURHAM & CHARLOTTE ROAD.

The Engine Started Across the Bridge Over Tyson's Creek, but Went Down Followed by a Freight Car.

As The Telegram went to press yesterday afternoon there was a rumor afloat that a wreck had occurred on the Durham & Charlotte railroad the afternoon before, and that two or three deaths had resulted. The story, which then could not be verified, proved true. The wreck occurred at about four o'clock, about a mile and a half from Gulf. It was caused by the giving away of a bridge across Tyson creek. The bridge is located near the mouth of the creek where it empties into Deep River. The dead are:

Archie Mashburn, white.

Starling Chalmers, colored, brakeman.

John Williams, colored, brakeman.

All of these were on the engine, also Mr. Milton Marsburn, the engineer, who was severely hurt. To the engine was attached a freight and a passenger car. The first went down on top of the engine. The front truck of the passenger car also fell down but the car remained on the track. The creek was high from the back water of the river, and the wreck was completely submerged. Some how the brother of the dead man, succeeded in getting out. None of the bodies have yet been recovered. A wrecking train was sent from this city this morning, but owing to the high water was unable to do any work before this afternoon.

Mr. T. J. Frazier, of this city, today received a letter from his old home at Gulf, which is on the C. F. & Y. V., giving the particulars of the wreck.

BEATEN BY BURGLAR.

A Woman Resisted and Her Skull Was Crushed.
Pittsburg, Pa., March 31.—Mrs. Ann Ward, aged sixty years, is lying in a critical condition from the effects of brutal treatment by three masked burglars at her home, Thirty-eighth and Carson streets early this morning. Mrs. Ward and her daughter were awakened by the presence of the burglars at their bedside, each woman finding a revolver pointed directly at her head. Mrs. Ward undertook to resist the burglars, and while the daughter was held in subjection by one of the men, another beat the mother into unconsciousness with a short club, literally crushing her skull.

The husband and son of Mrs. Ward were sleeping on the third floor, having in their possession about \$1,200, the booty the burglars were evidently after. Being awakened by the noise Ward and his son hastened to the floor below, but the burglars had made good their escape, leaving no clew as to their identity.

After the Gold Brick Men.

Mr. J. T. Norris, from Springfield, Ohio, came to Greensboro last night, for the purpose of looking into the case of the gold brick men. He is amply supplied with credentials as a detective, and has a photograph of the "old miner". Mr. Norris does not state his mission further than to let it be known that he is a detective and is interested in this case.

Took Their Pictures.

Marshal Millikan and Deputy Logan this afternoon took the three men convicted of counterfeiting at High Point, over to White's photograph gallery and had their pictures taken. This is a custom which the authorities always observe when counterfeitors are convicted. The pictures go into the hands of the secret service.

**ADVICE TO OUR
COLORED BRETHREN**

Washington Post.

Our report in Monday morning's paper of the meeting in the R. Street Baptist church will be read with the deepest interest by all good people of both races. Among the speakers on the occasion were Mr. Henry P. Cheatham, the recorder of deeds, and Mr. Judson W. Lyons, Register of the Treasurer—both colored men of high standing and respectable attainments and both, therefore, entitled to the confidence of those to whom they appeal. It is to be hoped that the advice given by such competent authorities will produce good results, if only by induction, upon the classes for whose benefit it is intended.

Mr. Cheatham, we see, sets the seal of condemnation upon the negro who goes around "with a chip on his shoulder," looking for a pretext under cover of which he can make himself offensive to some white man. He calls attention to the fact that white men do not uplift themselves in the social scale by such methods. White men of that variety are regarded as ruffians, and are avoided and ostracized as such by decent people. Society takes care of them by putting them under the ban and leaving them to the care of the police. In the case of the negroes, however, it is not always so, and to this deplorable condition Mr. Cheatham very properly address himself. Mr. Lyons following, took the same view. He likewise deprecated the attitude of hostility and obtrusiveness which so many negroes think it manly to assume with reference to the whites. He told them that the world does not shower favors on them who are forever quarrelling. On the contrary, the world shuns and looks down upon them. They are objects of aversion and dislike—whatever may be the color of their skins.

Curiously enough, while Messrs. Cheatham and Lyons are giving this excellent and much needed advice to the Washington negroes, a committee of prominent colored men in New Orleans have issued a proclamation of "Don'ts" to the negroes of that city:

"Go to work for a living."

"Quit loafing around the corners."

"Stop looking upon a policeman as a common enemy."

"If an officer attempts to make an arrest, do not resist or in any way interfere with him."

"Respect the law and the officers of the law, and quit shielding negroes who are guilty of criminal offenses."

"Help the authorities to sustain and enforce the laws of the city and aid in the detection of crime and the punishment of criminals."

"Fight the dives and dens and begin the fight for the negro's moral elevation around the negro's own hearthstone."

Here, again, the real sore is touched, or at least unmistakably indicated. The race question exists because colored people do not sufficiently establish and maintain social distinctions among themselves. Respectable people are lenient with those who are not respectable. They make the mistake of identifying themselves, though the agencies of openly expressed sympathy and thinly veiled encouragement, with the criminal classes of their own race. They forget or they do not understand, that moral elevation must precede material progress, and that a people's character has its foundation in the home and the family circle, not in the public schools. Once they absorb this fundamental truth, they will realize the necessity of keeping the hearthstone pure—of defending it against malign and demoralizing influences. There will be very little of the "race issue" left after that. It will be—as it should always have been—civilized society against its enemies.

For the weakness and prostration following grippe there is nothing so prompt and effective as One Minute Cough Cure. This preparation is highly endorsed as an unfailing remedy for all throat and lung troubles and its early use prevents consumption. It was made to cure quickly.

"Mr. Spudlong," began the youth, hanging his hat on the back of his chair. I will occupy only a few moments of your time. I have come to ask you for your daughter. I—

"Young man," said the elderly banker, "do you—"

"Yes sir, I realize fully that she has been tenderly nurtured and that she is very dear to you; also that her home is one in which she has been surrounded by every luxury. But she is willing to leave it."

"Can you—"

"No, sir, I can't quite maintain her in the style to which she has been accustomed, but I have a good salary, and I'm ready to chance it. So is she."

"Will you—"

"Yes, sir, I will keep my life insured for a sum sufficient to provide for her if I should be taken away."

"Would you—"

"No, sir, I would not expect to live with the family. I am able to buy and furnish a modest home for her."

"Young man," said Mr. Spudlong, looking at his watch. "I rather like your style. You can have her. Good—"

"Morning, sir."

Salisbury is to have a cooking school for a short time. Mrs. Dougherty, of Lynn, Mass., is to be the teacher. The new fashion modes of cooking are all right, and we are getting used to changes and new-fangled things but the old time ante-bellum negro woman is hard to beat when she worked with her skillets and pots, before a large open fire place, with its racks and pothooks.

THURSDAY, APRIL 4.

A great deal of fuss is made about the eloquence of the speeches made in Raleigh in the impeachment trial, but we honestly believe we can find half a hundred preachers in North Carolina who can surpass any of the efforts made on either side any Sunday they choose to try—Charity and Children.

We believe it.

China has formally refused the terms of Russia as regards Manchuria. But Russia is already in practical possession of this rich China province and doesn't give a snap for the refusal unless there follows a coalition of powers strong enough to make her get out.

EDUCATIONAL CONFERENCE

The Big Meeting to be Held in Winston This Month.

Winston Journal.

We understand that the entire matter of the Conference of Education in the South is being pushed as rapidly as possible. Every mail brings replies from those who are coming. The railroads will all give special rates the round trip to be in no case more than one, and one third fares. The hotels and boarding houses here will make special reductions, and it is believed there will be a large and representative attendance from all sections of the country.

If the attendance is large as appears probable it will be necessary to make full arrangements in advance, and this the committee will do. Our good people are offering to open their homes and entertain those coming from a distance.

Just as soon as possible a list of those coming will be prepared and every effort made to suit the wishes of those who are expecting guests in their own houses. The ladies of the city will assist in this matter and any requests or suggestions may at any time be sent to Mrs. J. Lindsay Patterson who, with other, is making a list of those who will entertain visitors.

This great meeting will mean much for our cities, our State and the entire South, and so far as hospitality is concerned, it is safe to say that no good citizen who can possibly arrange to entertain some visitor will hesitate to offer to do so. Our people always rise to an occasion of this kind and can be counted on. None are so selfish and short sighted as to say "This is nothing to me."

The citizens here will also attend the meetings and we trust that our leading teachers from all over the State will be present at all of the sessions. Our North Carolina teachers are earnest and enthusiastic and we believe they will find the meetings interesting and profitable. We are glad to note that the State Superintendent of Public Instruction has taken up the matter.

The Journal desires to join with every citizen here in pushing forward the good work.

FOR WHITE PEOPLE ONLY.

In order to correct an erroneous report, which seems to be in circulation, we are requested to state most positively and emphatically.

First: That the Conference of Education in the South is just what its name indicates, and that it is for white people only. No colored people have ever attended.

Second: The Conference is not held in the interest of schools for colored people, and has no connection with them.

Third: The Conference has nothing to do with the trips further South, or with any matter save the great cause which brings it together, and we are sorry that some seem to have a different understanding.

WOMAN THROWS HERSELF UNDER A TRAIN

Escaped from Sanitarium to Go on a Shopping Tour and Went to a Crushed and Bleeding Death.

Philadelphia Record.

There is now in the vaults of Undertaker George T. Nice, at Jenkintown, the horribly mangled body of a woman who yesterday deliberately knelt down in front of an advancing train on the Reading Railway, above Chelten Hills Station and was ground to pieces. No friends or relatives have yet made claim for the torn body, upon which Coroner Ashton will hold an inquest today.

The woman was seen to leave Chelten Hills Station early yesterday afternoon and walk on the track toward Jenkintown. When midway between the two stations she stopped and paused, as one troubled over some problem but the quick approach of a fast-flying passenger train evidently enabled her to make a decision. Dropping the dress-suit case she had been carrying, she deliberately knelt down in front of the advancing mass of steel and wood. A second later she was a mangled corpse.

DELIBERATELY MET HER DEATH.

The deed of self-destruction was witnessed by James McClain, a teamster living at Wyncote. McClain states that the woman's act was plainly a deliberate and successful attempt to end her life. He saw her lay down the dress suit case with calm deliberation, and then place her body in a position to be hit by the advancing train.

After the mangled body had been picked up a card was found which showed that the unfortunate woman was Miss E. Herdman, a member of a well known Pittsburg family. For the last six weeks she had been a patient in Dr. John K. Mitchell's sanitarium, at No. 4216 Chester avenue, where she was being treated for nervous prostration.

STARTED ON A SHOPPING EXPEDITION.

When she came to Dr. Mitchell's retreat Miss Herdman was a nervous wreck, but under the treatment given her she appeared to rapidly regain her normal health. Her progress was so satisfactory that she was allowed to make short outings from the sanitarium, and when she asked to be allowed to come into town on a shopping tour yesterday morning the permission was granted without any hesitation.

Shortly before noon she and her nurse left the sanitarium, carrying a dress suit case in which to carry their purchases. According to the nurse, Miss Herdman requested permission to visit a large department store, where she became interested in the displays.

As the crowd surged around them, the nurse says that her patient slipped from her side and disappeared in the numbers about her.

MISSING IN DEPARTMENT STORE.

The nurse ran up one aisle and down another in search of her charge, and notified the authorities to be on the lookout, but Miss Herdman could not be found. The nurse returned to the sanitarium in despair, hoping to find her charge there. Nothing could be learned of Miss Herdman, however, until the news of her death was received.

It was stated at the Sanitarium that she had shown no suicidal impulses during her stay there. Her physicians are at a loss to know whether Miss Herdman intended to return to Pittsburg, or was seized with a wild desire to escape, and took the first train from Philadelphia. They are also undecided as to whether she was seized with a suicidal mania brought on by excitement, or whether she became confused from her position and, unknowingly, stepped to her death in front of the train. They say, however, that an acute mania may have suddenly seized her without showing itself before.

The Legislature Yesterday.
News and Observer.

The General Assembly of North Carolina met yesterday in adjourned session.

It was expected that it would simply meet and adjourn, but the members couldn't resist the temptation to legislate a little more and so a number of bills were introduced and passed. They are principally corrections of errors in bills passed at the regular session, though some two or three of them are new bills of a private character.

The most important bill, certainly to the people of Wake county, was Senator Broughton's act to take Wake county out of the primary election law passed at the recent session of the Legislature.

These bills were quickly passed in the House and enrolled and signed by the Speaker. But the president pro tem of the Senate had not arrived, and a recess of an hour was taken. At the end of that time he still had not come and so still another recess was taken after having passed a few more bills. An hour passed and no president of the Senate. The House passed a few more bills and then adjourned over till today. Senator London, president pro tem, is expected this morning.

The Senate put up a temporary presiding officer and got through a goodly amount of legislation, all of which now lacks only the president's signature to become law.

Pretty Children

"We have three children. Before the birth of the last one my wife used four bottles of MOTHER'S FRIEND. If you had the pictures of our children, you could see at a glance that the last one is healthiest, prettiest and finest-looking of them all. My wife thinks Mother's Friend is the greatest and grandest remedy in the world for expectant mothers."—Written by a Kentucky Attorney-at-Law.

MOTHER'S FRIEND prevents nine-tenths of the suffering incident to child-birth. The coming mother's disposition and temper remain unruffled throughout the ordeal, because this relaxing, penetrating liniment relieves the usual distress. A good-natured mother is pretty sure to have a good-natured child. The patient is kept in a strong, healthy condition, which the child also inherits. Mother's Friend takes a wife through the crisis quickly and almost painlessly. It assists in her rapid recovery, and wards off the dangers that so often follow delivery.

AN ANCIENT BELIEF

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of static or inflammatory rheumatism will agree that the affliction is demoniac enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by C. E. Holton, Druggist.

WOMAN'S AWFUL SUICIDE

Saturated Her Clothing With Oil and Applied Match—Sang as She Died.

Syracuse, N. Y., March 31.—A special from Canastota says: "Last night Willian Welch and his wife, Mary, quarreled. This noon, the woman brooding over her trouble, saturated her clothes with coal oil, and, going out of the house to avoid setting fire to it, applied a match to her dress.

"People coming from church discovered her burned almost beyond recognition, but still conscious. They carried her to the house but physicians could do nothing. Neighbors then gathered at the bedside and sang hymns until Mrs. Welch died. Although the flesh was burned from her face, she feebly joined in the singing until she lost consciousness."

A NIGHT OF TERROR.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she could not live till morning," writes Mrs. S. H. Lincoln, who attended her that fearful night.

"All thought that she must soon die from pneumonia, but she begged for Dr. King's New Discovery, saying that it had more than once saved her life, and had cured her of consumption. After three doses she slept easily all night, and its further use completely cured her."

This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50c. and \$1.00. Trial bottle free at C. E. Holton's Drug Store.

RHEUMATISM | CATARRH — DISEASES CURED BY B. B. B.

It is the deep-seated, obstinate cases of catarrh and rheumatism that B. B. B. (Botanic Blood Balm) cures. It matters not what other treatments doctors, sprays, liniments, medicated air, blood purifiers, have failed to do, B. B. B. always promptly reaches the real cause and roots out and drives from the bones, joints, mucous membrane, and entire system the specific poison in the blood that causes rheumatism and catarrh. B. B. B. is the only remedy strong enough to do this and cure and so there can never be a return to the symptoms. Don't give up hope, but try B. B. B. (Botanic Blood Balm) or 3 Bs.

For sale by druggists and Howard Gardner, in Greensboro, at \$1 per large bottle, or \$6 large bottles (full treatment) \$5. To prove our faith in B. B. B. we will send a small bottle free to sufferers, so they may test the remedy at our expense. Address Blood Balm Co., Atlanta, Ga.

Electric Car Line.

Mr. Roscoe Mitchell, of Graham, was in the city last night and reports that the talk in that section is all about the proposed electric car line from Elon College to Burlington, Graham, and Haw River. The object is to connect all these places and to furnish electric lights for the three last named. A New York corporation is to build the line and propose to begin work right away. In the points to be covered by the car line there is a population of about 10,000.

Mrs. M. J. Bodenheimer and family, who for several years have been conducting a boarding house on East Market street, left today for Winston where they will reside in the future.

Sentenced for 209 Years.

Williston Palmer is the name of a white man against whom there are sentences of 209 years in the Georgia penitentiary. Palmer was originally sent up for eleven years from South Georgia for burglary. Shortly afterwards, while working in the mines of Dade county he attempted with other convicts to escape, and in the melee that followed he killed two of the guards. He was tried some time ago for the killing of one of the guards and got 99 years. He was then put on trial for the killing of the other guard, and got 99 years more.
